Re: Compiled Information Request  
Regarding Bail Bonds

Dear Representative Frizzell

Your request to obtain compiled information of non-confidential court records, without charge, has been approved by the Division of State Court Administration. Under Indiana Administrative Rule 9(F)(2)(b) approval of a request for compiled information can be summarily granted by the Division of State Court Administration, without execution of a User Agreement, to individuals or entities having a substantial interest or bona fide research activity for journalistic purposes provided the requested data will not be resold or used for commercial purposes and does not contain confidential data, bulk data or financial data.

You are approved to receive compiled information concerning bail bonds as detailed in your Request. The Division will provide a report of such records from the Odyssey Case Management System to you, without charge, subject to the condition that the data may not be resold or used for a commercial purpose.

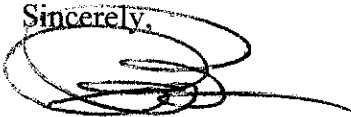

You have requested data from some Indiana Counties that do not use the statewide case management system: Bartholomew, Lake and Tippecanoe. Our office only has access to court records from counties using the statewide case management system (the "Odyssey" system). Since we do not have access to those counties using other case management systems, Administrative Rule 9(F)(2) provides that the Executive Director may forward the request to courts exercising

jurisdictions over the records. We will be forwarding a copy of your request to the presiding judge with a copy to the clerk of court notifying them of the Division's approval of your request. The comments to Administrative Rule 9(F)(2) authorizes courts, in their discretion, to provide access to bulk and compiled data; it does not require that such information be made available. Permitting bulk distribution or compiled information should not be authorized if providing the data will interfere with the normal operations of the court. Please contact the other counties to begin the process of obtaining their data.

Please contact the Court Technology at 317.234.2720 to proceed with receipt of your data.

If you have any questions, please contact me at [richard.payne@courts.IN.gov](mailto:richard.payne@courts.IN.gov) or (317) 234-5398.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard T. Payne', with a large, loopy flourish extending from the end.

Dear XXXX,

I am reaching out to you requesting assistance as I attempt to gather information and data for legislation I intend to author during the 2016 session regarding criminal bail issues. As you know, the General Assembly has taken significant steps to reform criminal sentencing provisions to increase public safety and reduce the cost of incarceration. I believe an important part of that equation is pre-trial release and the different ways in which that is executed.

I am requesting any assistance you may be able to provide in gathering data from 2013 and 2014 in the following categories:

- Number of persons released on deposit bail as defined by IC 35-33-8-3.2(a)2
- Number of persons released on deposit bail as defined by IC 35-33-8-3.2(a)2 who failed to appear
- Number of persons released on surety bail as defined by IC 35-33-8-3.2(a)1A
- Number of persons released on surety bail as defined by IC 35-33-8-3.2(a)1A who failed to appear
- Number of persons released on personal recognizance as defined by IC 35-33-8-3.2(a)7
- Number of persons released on personal recognizance as defined by IC 35-33-8-3.2(a)7 who failed to appear
- Number of persons released depositing cash or securities in an amount equal to the bail as defined by IC 35-33-8-3.2(a)1B
- Number of persons released depositing cash or securities in an amount equal to the bail as defined by IC 35-33-8-3.2(a)1B who failed to appear

If you are not able to provide this data, please let me know how this public information can best be obtained. I appreciate your assistance in this matter and look forward to hearing from you.

Sincerely,
